

Sprint 4 Report

Product name: GAR

Date: Dec 02, 2018

Actions to stop doing:

Stop anything we have not completed in the project. And start testing bugs.

Actions to start doing:

We are running out time. We need to start testing our project and writing up all reports.

Actions to keep doing:

We have been doing promising progress during the weekend meeting and coding together. We should keep up the weekend meeting.

Work completion rate:

The total number of user stories are 3. And we have completed 2 out of 3:
We have complete:

1. As user, be able to check the history list, so that they could track the ride they did.
2. As user, be able to edit password and email address so that accounts could be more manageable.

We have not complete:

3. As user, be able to receive carpool notice in advance of time so that they have less chance to miss their appointment.
